

REPORT OF THE SAN FRANCISCO EARTHQUAKE

Recorded by the Seismograph at the Government Station Near Honolulu.

NEWS CARRIED UNDER GROUND

REPORT OF THE SEISMOGRAPH FOR SAN FRANCISCO DISASTER.

The diagram above shows the play of the needle of the earthquake recorder at Honolulu, T. H. at the point marked 2:30 a. m. The diagram shows a vertical line with a needle that has moved to the right, indicating an earthquake. The needle is labeled 'This shock was on from 6:15 a. m. to about 6:30 a. m.'

TO THE TRIBUNE.

OLULU, May 4.—The story of the quake shocks at San Francisco as the earthquake apparatus in the States geodetic and coast survey station at Sinal, island of Territory of Hawaii, is an interesting one. The earthquake "hit" is about twenty miles from Honolulu, correspondent paid a visit to the station on Monday afternoon, April 23, to see the apparatus and to see whether additional shocks had left since the one on Wednesday.

The station is a small, wooden, almost air-tight building built upon a foundation of coral outcrop half way between Ewa and the shore on this side of the island. The tremors of Mother Earth are not felt here, and those which raged at San Francisco were not felt here. The station is a geodetic and coast survey station at Sinal, island of Territory of Hawaii, is an interesting one. The earthquake "hit" is about twenty miles from Honolulu, correspondent paid a visit to the station on Monday afternoon, April 23, to see the apparatus and to see whether additional shocks had left since the one on Wednesday.

WHERE OGDEN PEOPLE CAN WORSHIP SUNDAY

Church Announcements Are Made by Junction City Pastors.

Following are the announcements made by the pastors of Ogden churches, covering Sunday services:

Methodist.
First Methodist Episcopal Church—One-half block east of Washington avenue, next to courthouse. Sunday school, 10 a. m.; Sunday service, 11 a. m.; Sunday school, 11 a. m.; Epworth League devotional service, 8 p. m.; preaching by Rev. Frank Shaw. Special anthems by the choir at each of these services. Public cordially invited.

Lutheran.
Lutheran Church—Corner of Twenty-third street and Jefferson avenue. O. A. Elmqvist, pastor. Sunday—No morning service, pastor at Park City. English Sunday-school at 12:15. English evening service at 8 o'clock. 2 p. m. service. Monday—8 p. m. monthly meeting of the church council. Tuesday—Luther League at 7:30 p. m. Wednesday—Bible study and prayer-meeting at 8 p. m. Thursday—Ladies Aid society at 2:30 p. m. In the Sunday-school room. Mrs. O. A. Davis of Riverdale entertains. Lecture by Rev. O. A. Elmqvist. Non-members most cordially welcome.

Christian Science.
The Christian Science society holds its services at 3 p. m. in the Congregational church edifice, corner of Adams avenue and Twenty-fifth street. Subject, "Mortals and Immortals." Lecture, "The Christian Science movement," at 8 p. m. Wednesday evening testimonial meetings are held at 8 p. m. The public is cordially invited to attend these services.

MORE POWER NEEDED.

Ogden Rapid Transit Company Discusses Important Matter.

Special to The Tribune.
OGDEN, Utah, May 4.—At a special meeting of the directors of the Ogden Rapid Transit company, held late this afternoon, the question of a supply of electric power necessary for their extensions was discussed. The plan will call for more power than the present plant will produce. While several propositions were made to the directors, formal action on them was deferred.

Each Will Build Road.
Meantime, the grade of the Ogden Rapid Transit company has reached the mouth of Ogden canyon within a half mile. With both companies pushing work with all the men and teams they can secure, there seems now no question that both companies will build their roads. This will demand additional electric power, and it looks as if other generating plants would be necessary.

EDUCATION BOARD MEETS.
Plans for Addition to the Lewis School Building Accepted.

Special to The Tribune.
OGDEN, Utah, May 4.—The Board of Education met tonight and accepted the plans of Smith & Hodgson for the proposed addition to the Lewis school. The board will at once advertise for bids and the addition is to be completed and accepted by August 25 of this year.

Funds Now on Hand.
The Finance committee reported over \$23,000 on hand. The Treasurer's report, showing receipts and disbursements was submitted and ordered audited. Thirty-five applications for proposed teachers were submitted and referred to the Teachers' committee.

Asks for Scholarship.
Miss Verna Koepf made application for one of the three scholarships that Ogden is entitled to in the State Normal school. The application was endorsed by the board with a recommendation to State Superintendent of Schools Nelson.

SALT LAKE MAN WINS.
Thomas Owen Secures Big Contract for Excavation at Ogden.

Special to The Tribune.
OGDEN, Utah, May 4.—A directors' meeting of the Union Portland Cement company awarded a contract tonight to Thomas Owen of Salt Lake for the excavating for the foundations for the building, the concrete work and for the stone foundations. The value of the contract is about \$35,000.

Sken Also Lands.
The contract for changing the course of Lost creek around the new town of Portland was awarded to Lyman Sken of Ogden, and work will begin on Monday morning.

The material to be used in the structures is red stone, from the quarries at Crofton, of J. P. O'Neill, and a big force of men has already begun work quarrying rock.

CAMPFIRE IS GIVEN.
Dix Logan Post, G. A. R., Spends a Most Pleasant Evening.

Special to The Tribune.
OGDEN, Utah, May 4.—Tonight, in the City Hall, Dix Logan post of the Grand Army of the Republic gave its regular monthly social campfire. The ladies of the G. A. R. circle and the W. R. C. were present and the total was a gathering of about 120. Pork and beans and coffee and cake was served to all who attended, and an interesting program of music and recitations was rendered.

This meeting should have been held last Friday, but was deferred owing to the death of Comrade Porter.

New Auto Received.
Special to The Tribune.

OGDEN, May 4.—Another new and handsome automobile was received in Ogden last evening. It is of the Mitchell make, and was ordered through the firm of Browning Bros. The machine is of thirty horsepower and has a possible speed of forty-five miles per hour. Mr. Greenow proposes to have the wheels of the machine recently purchased by James P. Greenow, and that his house lost all of its stocks of wines.

OGDEN AND RETURN \$1.00.
Via D. & R. G., May 6th.

Train leaves Salt Lake 10:25 a. m. and makes close connection with stage for The Hermitage. In beautiful canyon. Magnificent trip through the canyon. Go to Billy Wilson's, at The Hermitage, and get a good chicken dinner.

MEMORIAL DAY ADDRESS ISSUED

To G. A. R. Men by Department Commander Hulaniski of Ogden.

DISCUSSES IMPORTANCE OF PROPER OBSERVANCE

Comrades Requested to Appear in Uniform and Wear Badges.

Special to The Tribune.

OGDEN, May 4.—Department Commander E. T. Hulaniski has issued the following general orders No. 6 for the observance of Memorial day, May 30, by the Department of Utah:

Commander's Address.
In accordance with custom and orders from National headquarters, the 30th of May will be observed in the usual manner.

Members of the Grand Army of the Republic should attend religious services on the Sunday preceding Memorial day, and a full report of the exercises on both occasions should be forwarded by the several post chaplains to the department chaplain in order that proper reports may be made.

Posts may conduct the exercises in any manner deemed most expedient and proper, due regard being had to the general requirements of the service book and general orders.

All comrades are requested to appear in uniform or to wear a Memorial badge.

Wants Women to Help.
The cooperation of the Woman's Relief corps and Ladies of the Grand Army of the Republic is earnestly requested.

This is essentially the soldier's day. We assemble to deck the graves of our departed comrades and to honor their memories. It is requested that no ordinary consideration be given to the matter of a full discharge of this duty, and while it may be and probably is the general custom to honor the noble dead by placing tributes to the living representatives of the great war, let us remember that our chief duty and service is to see that each hero's grave is properly decorated with flowers.

Show Honor to All.
If there is any Confederate soldier buried in the cemetery next to our posts, it is requested that a floral offering be placed upon their graves to commemorate their bravery and valor, and to proper tribute to the living representatives of those who served their country and died and whose names are unknown.

By order of E. T. HULANISKI, Department Commander. H. M. BOND, Assistant Adjutant-General.

Urged to Turn Out.
In addition to his address, the Department Commander urges on all that, inasmuch as it must be but a few years more, in the course of nature, that the veterans of the Civil war will remain on earth, proper respect and regard should be shown in the coming memorial ceremonies, and he urges that all people turn out and do respect to the dead and give honor to the living.

EAGLES TO HOLD SERVICES.
Special to The Tribune.

OGDEN, May 4.—On Sunday, May 6, the eighth annual memorial service of the Fraternal Order of Eagles, Ogden Aerie No. 118, will be held in the East Ogden hall. An address has been made to all of the residents and visiting Eagles, in which an invitation is extended to all to be present and to show respect to the dead and to the living.

Ogden Aerie Prepares Splendid Memorial Programme.
Special to The Tribune.

OGDEN, May 4.—On Sunday, May 6, the eighth annual memorial service of the Fraternal Order of Eagles, Ogden Aerie No. 118, will be held in the East Ogden hall. An address has been made to all of the residents and visiting Eagles, in which an invitation is extended to all to be present and to show respect to the dead and to the living.

Mourn Over Eight.
One year ago the Eagles held memorial service over seven of their departed members. This year the number will be eight. The last member to pass away was Thomas J. Kurtz, at the time a life member, who died at Hot Springs, Ark., November 18, 1905. He was one of the most lovable characters that ever lived, and his memory will always be revered in Aerie No. 118.

GOLDEN IS BOOMING.
New Nevada Town Now Has a Post-office, and Is Moving Ahead.

Special to The Tribune.
OGDEN, May 4.—V. D. Blosser, one of the directors of the Golden (Nev.) townsite company, leaves for that point tomorrow. Mr. Blosser will first go to Tonopah, and then to Goldfield, and will then work back to Golden, where lots have been surveyed and where a town has been established. A postoffice was recently opened at Golden, with W. J. Coppinell, formerly of Ogden, as postmaster.

After his business is completed on this trip Mr. Blosser will return via Austin, but expects to be gone for two weeks.

Brief Mention.
Special to The Tribune.

OGDEN, May 4.—Sheriff George A. Sebring of Weber county was down to the office today, and signed up a number of matters, but he is still a very sick man.

Dr. Lyman Sken, one of the most prominent practitioners in Utah, and specialist of great ability, is confined to his home at 251 North Ogden avenue with a serious attack of illness.

Mrs. Eldred of Salt Lake City is the guest of Mrs. G. J. Candlish of Ogden, and in a few days will leave for Pocatello to visit her son, who is in the employ of the Oregon Short Line at that place, with jurisdiction as trainmaster from Pocatello to Silver Lake.

Edward M. Greenway, representative of G. H. Mumm & Co. of San Francisco, was in Ogden today, and left for San Francisco tomorrow. He was in Seattle at the time of the quake, but has been informed that he lost all of his personal possessions, which were at the Hotel Utah, and that his house lost all of its stocks of wines.

Telephones—Bell 613-Y; Ind. 607.

Engine Butts, Floors and Foundations.

Asphaltum and Composition Roofs A Specialty.

Fred J. Sanborn & Co.,

CONTRACTORS FOR CEMENT AND ASPHALT CONSTRUCTION WORK.

2540 Washington Avenue, Ogden, Utah.

All Work Guaranteed.

DEED OF M'LAUGHLIN MAY MEAN ANYTHING

Ogden Man Comes Back at Opponent With Fair Offer.

Special to The Tribune.

OGDEN, May 4.—Mike Yokel has issued a letter to George McLaughlin, who recently challenged him, for a wrestling match. McLaughlin had conditions in his challenge that might mean anything. One of these was a requirement that Mike should weigh only 145 pounds at the ringside, and at 6 o'clock on the evening of the match, and a provision that the match be pulled off at Malad, Ida.

Challenge Accepted.
Yokel has addressed a letter to McLaughlin in which he accepts the challenge under some conditions, that to sports will seem entirely reasonable. He agrees to go to Malad and wrestle McLaughlin, best two in three. His proviso is that McLaughlin is not to weigh more than ten pounds above Yokel's weight. If the difference does not reach ten pounds excess in favor of McLaughlin, Yokel will go into the game on an even break, best two out of three. If McLaughlin weighs more than ten pounds over Yokel's weight he must agree to throw Yokel twice in an hour of wrestling time.

Gameness Is Shown.
This shows the gameness of the little man from Ogden. He will give McLaughlin, one of the famous wrestlers in his class, an even break if McLaughlin does not weigh too heavy and does not exceed him by ten pounds.

It is a now up the McLaughlin, Charles Ross of Salt Lake, has been talking considerably about Yokel and what he would do with him. But he has not yet showed up on a proposition which he made at the ringside the last time Mike threw Jack Gleason of Salt Lake in nine minutes and finished him in thirty-four minutes.

WILL WORK IN COLORADO.
Ephraim Men Own Valuable Property in Centennial State.

Special to The Tribune.
EPHRAIM, May 4.—Manager M. F. Murray and Superintendent Ole Larson of the Gold Development company of Utah, will leave this week for Telluride, Colo., to work on the Silver Pick and Special Session mines, owned by the company in that district.

These properties are already equipped with a good team and the work of getting it in shape for production will be pushed as rapidly as possible.

Larson Gets Property.
Ole Larson returned Tuesday from a trip to southern Nevada in search of mining property. He succeeded in getting possession of claims in the Indian Creek and Gold Springs district that look very promising. The properties will be worked by Mr. Larson and M. F. Murray and their Philadelphia associates.

Car of Flour Sent.
A car of flour was sent from here Thursday for the relief of the San Francisco sufferers. The flour was bought by popular subscription under the management of the Arrowhead Commercial club of this city.

The school children of Ephraim raised by subscription the sum of \$38.00 for the relief of the San Francisco sufferers. The money was turned over to the Commercial club by the teachers.

DISCUSSION OF NAVY.
Representative Burton Makes Protest Against Increased Armament.

WASHINGTON, May 4.—The House spent another day in consideration of the naval appropriation bill. The speeches in a large measure being in support of the bill and the naval programme therein outlined.

Mr. Burton Protests.
Mr. Burton of Ohio delivered a scholarly address against what he termed the needless enlargement of the navy, contending that the American Nation could well afford to serve notice upon the other nations that it stood for international arbitration and the peace of the world.

Mr. Butler of Pennsylvania and Mr. Calder of New York supported the bill, both agreeing that the measure had less to criticize in it than any bill reported from the Naval Affairs Committee of the House in years.

President Applauded.
A feature of today's session was the close attention paid by the House to the reading of the President's message on all transportation and the generous applause which was accorded it on its conclusion. The House will continue the consideration of the naval bill tomorrow.

REAL ESTATE TRANSFERS.
